A Note from our Principal, Mr. Vaughan:

Please keep our teachers in your prayers on Friday as they will be joining every other teacher from the Archdiocese of Denver for a day-long professional development seminar focused on the integration of faith and science. It is sure to be a great day of prayer and learning! This is certainly an important topic, especially since our culture tries to tell us that science is more important than faith. As Catholic Christians, we believe that God speaks through science; but at the same time, He is not bound by the rules of science. Our God is a God of miracles, as proven by the countless miracles that have occurred throughout the 2,000 year history of the Church. Since your student will have some free time on Friday, I invite your family to explore some of these miracles by visiting [this website](#) put together by Blessed Carlo Acutis! It is a detailed catalog of the many miracles involving the Eucharist!

You are all in my prayers every day.

In Case of Severe Weather, school closings will be announced on Channels 31, 9, 7, 4, and 2. The school's website, and phone voicemail will be updated with the closure information and an e-mail/text will be sent to families. If school is closed, be assured it is called with safety in mind for students, school staff and parents.
